

Directions to OZ7AMG

Here we are:

We are located on Husbyvej in Tårnby (Kastrup), to the water tower, where Englandsvej and Tårnbyvej gather at the roundabout.

Driving directions:

There are several options – one of them is from Englandsvej at the junction, Englandsvej / Angle Houses / Sneserevej.

Then turn up the Sneserevej where you drive past Tårnby Torv left and shortly thereafter turn right onto Glamsbjergvej, and right again onto Husbyvej where you continue right down to the end of the road, here turn right again into through the iron gates.

Now you are inside a small passage where you again turn right and park. You have arrived, you see the Antennatower.

It lies Øresund motorway (E20, exit 18 Tårnby) and Tårnby Station fairly close, so there are more opportunities.

GPS: N55° 37.961 E12° 36.021

frequencies:

Have you set the course for Amager and OZ7AMG, you may try to call us at 434.675MHz (TX 432.675MHz with PL 82.5Hz), here are often several members of Amager department. Alternatively, try simplex either 145.375MHz and 145.225MHz.
